Data packet transmission

C Hermann - US Patent App. 10/578,655, 2004 - Google Patents

... of the present invention, the **first data packets** and the **second data packets** are transmitted from the **transmitting station** to the **receiving station** in a ... least one **first data packet** and wherein the **second container** comprises at least one **second data packet** and no **first data packet**. ...
